Many of these hikes are listed in *The Summit Hiker* by Mary Ellen Gilliland.

We tried to schedule the hikes to do easy ones early to build to longer ones in the middle of the season, to avoid busy areas on holiday weekends, and to provide a variety for all hikers, and alternate hikes that are shorter and longer drives.

As always, we suggest using hiking poles, wearing a hat, using sunscreen and bug repellent as desired, carrying plenty of water (and snacks as desired), lunch for the longer hikes, carrying rain gear as needed, first aid kit, and binoculars as desired.

We look forward to seeing many of you this summer as we trek some of the most beautiful trails and areas of our mountain habitat. We will be mindful of Covid19 protocols.

We meet at the Lord of The Mountains Church parking lot every Friday morning at 8:30 AM to drive to the trails. We hope to see you. Further information: jimluellen@comcast.net
